

# Yahuweh's Personal and Proper Name found in Names throughout the Torah, Psalms and Prophets

I can't speak for others, but I found Yahuweh's questions in the fourth verse of this Proverb haunting. "Who descends from and ascends to heaven? Who gathers and receives the Spirit into the palms of His hands? Who wraps up the waters in a garment? Who comes onto the scene, stands upright, enabling others to stand, establishing all the earth without ceasing? What is His personal and proper name? What is His Son's personal and proper name? Surely you know." (Proverbs 30:4)

How is it that the overwhelming preponderance of the world's population does not know God's name, or the name of His Son? After all, three of our planet's largest and most influential religions claim to be based upon the Torah, Prophets, and Psalms: Christianity, Judaism, and Islam. And it isn't as if God hid His name from us, or left us to hunt for it. Not only does He present His own name 7,000 times, and His Son's name another 326 times, there are 260 additional names in the Torah, Prophets, and Psalms which feature God's. Collectively, they appear on over 3,000 occasions, for a grand total of more than 10,000 presentations of Yahuweh's name in what is essentially a one thousand page Divine Writ.

Please consider the many ways Yahuweh has striven to enlighten us through the names He has selected to embrace with His own. But on each occasion, by substituting an errant rendering, the authors of the most popular English bibles deceived their readers.
